

THE REPUBLIC OF UGANDA

MINISTRY OF HEALTH

PRIMARY HEALTH CARE GRANTS GUIDELINES

FINANCIAL YEAR 2016/17

Foreword

The Primary Health Care Grants Guidelines sets out the framework for utilizing PHC Grants released to District Local Government. They set out the allowable and dis-allowable expenses and budget ceilings for Local Governments and health facilities within the districts.

The health of the Ugandan population is central to the socio-economic transformation of the country. Along with increased literacy rates and vibrant economic growth, health outcomes are improving which translates to better health indicators. Over the last two decades, the Government of the Republic of Uganda has increased access to health services by the population (NSDS 2015). However, the Quality of health care provided in health facilities has become the main challenge, after attaining increased access to basic health services. The ordinary citizen now demands for better quality of care from the health system and therefore it is my hope that Local Governments make deliberate efforts to ensure better quality health services are provided to the citizens of Uganda.

The Ministry has prioritized a number of interventions for Local Governments to improve health service delivery, among which is the need to expand the Primary Health Care approach from focusing on curative to basic preventive services. This has been enhanced through the provision of additional funding towards HSD/ Constituency Task Force operations as well as increasing focus on addressing health risk factors as a holistic preventive approach to addressing the disease burden.

I therefore call upon District and Municipal Councils to effectively put to use this guideline and sensitize the community and the health workforce on the key policy issues contained in the guidelines. These guidelines should be used alongside many other circulars and manuals issued from time to time from the Ministry of Health. It is my hope that the guidelines will galvanize action and help ensure that the benefits of improved health service delivery in Uganda are shared more equally and that concerted action is taken to accelerate progress towards the Health related Sustainable Development Goals.

Dr. Asuma Lukwago
Permanent Secretary

1.0 Introduction

Chapter one of the guidelines provides the strategic direction and health sector priorities for the Financial Year (FY) 2016/17.

The second National Health Policy (NHP II) puts the client and community at the forefront and adopts a client-centered approach with consideration of both the supply and demand side of healthcare.

1.1 Vision

The vision of the health sector is a healthy and productive population that contributes to socio-economic growth and national development.

1.2 Mission

To facilitate the attainment of a good standard of health by all people of Uganda in order to promote a healthy and productive life.

1.3 Goal

The goal of the Health Sector Development Plan (HSDP) 2015/16 – 2019/20 is ***‘To accelerate movement towards Universal Health Coverage (UHC) with essential health and related services needed for promotion of a healthy and productive life’***.

UHC makes it possible to ensure that all people receive essential and good quality health services they need without suffering financial hardship.

1.4 Health Sector Policy Priorities FY 2016/17

Overall, according to the National Development Plan (NDP II) the health sector efforts will be geared towards attainment of UHC through: strengthening of the national health system including governance; disease prevention, mitigation and control; health education, promotion and control; contributing to early childhood development; curative services; rehabilitation services; palliative services; and health infrastructure development.

1.5 Purpose of the Guidelines

This document is to provide guidance for the utilization of the Primary Health Care (PHC) grants and other decentralized health grants in FY 2016/17. These guidelines should be used to prepare and implement annual work plans for both Public and Private-Not-For-Profit (PNFP) facilities as well as Private Health Provider facilities where feasible / desirable.

Financial Management and Accounting procedures should be guided by the Public Finance Management Act 2015, Local Government Financing and Accounting regulations 2007, the Public Procurement and Disposal Act (PPDA) 2014 and any other guidelines as approved by the Ministry of Health (MoH).

1.6 Proposed LG approaches to improve Health Service Delivery

The country is experiencing persistence of high burden of communicable diseases, re-emergence of diseases like epidemic outbreaks such as cholera caused by partly weak control measures and surveillance systems, HIV/AIDs pandemic and the growing incidence of non-communicable diseases. All these justify a re-examination of key health strategies for improved health service delivery

The MoH is therefore prioritizing the following approaches to improve health service delivery to the population of Uganda.

1. Adoption of a whole of life cycle approach to health by addressing adolescent health, school health, elderly, neonatal and gender issues in addition to the previous sector priorities of maternal and child health.
2. Increased focus on addressing the quality of care challenges by conducting regular facility assessments, leadership involvement in quality improvement and establishing client feedback mechanisms.
3. Expansion of the PHC approach, from focusing on curative to basic preventive services through the Community Health Extension Workers (CHEWs) and Village Health Teams (VHTs).
4. Increased Community participation and ownership in their own health through; Hospital / Health Unit Management Committees, CHEWs and VHTs, HSD/Constituency task force, and community dialogue.
5. Increase focus on addressing health risk factors as a holistic preventive approach to addressing the disease burden. Guidelines shall be circulated to the LGs on this approach.
6. Multi-sectoral collaboration to have clear strategies for addressing the socio-determinants of health.
7. Focus on proven high impact prevention interventions e.g Immunisation, Child health days, sanitation, mass treatment.
8. Timely reporting and information dissemination, strong and effective regulation.
9. Focus on health worker productivity (improving working environment, minimise absenteeism, results/performance based financing)
10. Strengthen procurement and supply chain management systems and destroying of expired medicines.

1.7 Reform on Consolidation of Local Government Fiscal Transfers

The Ministry of Finance, Planning and Economic Development (MoFED) in collaboration with the World Bank, Ministry of Local Government (MoLG) and the Local Government Finance Commission has effective FY 2015/16, been spearheading the reform on the consolidation of Local Government (LG) Inter – Governmental Fiscal Transfers.

The overall objectives of the reforms on fiscal transfers are:

- a) To allow existing and new national policies to be financed via the transfer system, at the same time avoiding future fragmentation of transfers and increasing discretion to ensure services are delivered in line with local needs;
- b) To shift the focus away from fragmented input-based conditions towards accountability for allocation decisions, expenditures and results;
- c) To use the transfer system to provide incentives to improve institutional and service delivery performance; and
- d) To restore adequacy and equity in allocation of funds for infrastructure and service delivery.

The first stage in consolidation put in place a new structure for transfers in the Budget of FY 2015/16 with the grant transfers under each Service Delivery Sector (such as Health) and grants under Administration and Accountability Sectors merged into one Wage, Non- Wage and Development Grants each.

The second phase of implementation has been finalized and is being implemented in FY 2016/17. This stage specifically involved:

- a) Consolidating and redesigning discretionary transfers.
- b) Revising the allocation formulae and principles for grants to LGs.
- c) Redesign of sector transfers and establishing budgeting requirements.

1.7.1 Role of the Ministry of Health

Under this reform on fiscal transfers and in line with Section 97 of the LG Cap 243, Line Ministries are responsible for among others:

1. Ensuring implementation of National Policies and adherence to performance standards on behalf of LGs
2. Inspection, monitoring, offering technical advice, support supervision and training.

The specific roles of the MoH in the implementation of the LG PHC Grants include:

1. Developing and issuing grant information including allocation formulae, operational guidelines and budget requirements.
2. Providing data for formulae variables for Health Indicators (if not available from Uganda Bureau of Statistics).
3. Facilitating consultations with LGs during the LG Budget Consultative Regional Workshops.
4. Reviewing LG Draft Budget Framework Papers (BFPs) to check compliance with the sector budgeting requirements. This includes verification and accreditation of cost centers / health facilities submitted by LG accounting Officers.
5. Designing a system and set of outputs and outcomes indicators to be used in the assessment of LG performance.
6. Conducting physical and financial monitoring of activities implemented by Local Governments.
7. Compiling information about LG performance based on assessment and monitoring results; and
8. Providing targeted support and capacity building to LGs.

1.7.2 Role of Sector Ministries and Agencies in the Management of LG Transfers

Table 1: Role of the respective Sector Ministries and Agencies in the Management of LG Transfers

| NO. | FUNCTION | MoFPED | MoH | LG Votes |
|----------|---|--------|-----|----------|
| A | Budget Preparation | | | |
| 1 | Developing and issuing grant information including allocation formulae, and budget requirements | | ✓ | |
| 2 | Developing and issuing overall Local Government operational budgeting guidelines | | ✓ | |
| 3 | Providing data for formulae variables for Health Indicators (if not available from Uganda Bureau of Statistics) | | ✓ | |
| 4 | Application of the grants allocation formulae approved by the sector and generation IPFs using Online Transfer Information Management System (OTIMS) | ✓ | | |
| 5 | Facilitating consultations with Local Governments during the Local Government Budget Consultative Regional Workshops; | | ✓ | |
| 6 | Submission of the draft LG Budget Framework Papers following the issuance of grant operational guidelines | | | ✓ |
| 7 | Reviewing Local Government Draft Budget Framework Papers to check compliance with the sector budgeting requirements (including verification and accreditation of cost center data submitted by LGs) | | ✓ | |
| 8 | Issuance of the 2 nd Budget Call Circular | ✓ | | |
| 9 | Preparation and approval of the Local Government Budgets (performance Contracts including detailed Budget Estimates) | | | ✓ |
| | | | | |
| B | Budget Execution | | | |
| 10 | Submission of Accounting Warrants – based on the quarterly expenditure limits by PS/ST and the approved budget including verified cost centre lists/ data | | | ✓ |
| 11 | Release of funds to Local Governments including service delivery units | ✓ | | |
| 12 | Reporting on local Government Vote activities | ✓ | | |

| NO. | FUNCTION | MoFPED | MoH | LG Votes |
|----------|---|--------|-----|----------|
| C | Performance Assessment, Monitoring and Provision of Support | | | |
| 13 | Designing and developing a system and set of outputs and outcomes indicators to be used in the assessment of Local Government performance | | ✓ | |
| 14 | Conducting physical and financial monitoring of activities implemented by Local Governments | | ✓ | |
| 15 | Compiling information about Local Government performance based on assessment and monitoring results | | ✓ | |
| 16 | Providing targeted support and capacity building to Local Government | | ✓ | |

Performance based allocations for development grants will be introduced starting from FY 2018/19. The aim is to reward districts that perform well against a set of predetermined standards or institute penalties for poor performing ones. Government will build on the performance assessment system that has been applied to the LGs by MoLG (LGMSDP), Ministry of Lands Housing and Urban Development (MoLHUD) (USMID) and Office of the Prime Minister (OPM) - Government Annual Performance Report to design a revised system. In addition Results Based Financing (RBF) of health facilities funded via the non-wage conditional grants to incentivize service delivery results will be piloted and rolled out.

2.0 Overview of the PHC Service Delivery System

This chapter provides an overview of the PHC service delivery system and the responsibilities of the LGs and health facilities.

The Constitution and the LG Act 1997 (with Amendment Act 2001) defines the legal mandate of the District/Municipal Councils in the health sector.

The LGs are responsible for Medical and Health services including:

- 1) Management of General Hospitals and Health Centres (HCs) in the respective catchment areas
- 2) Supervision and Monitoring of the private sector
- 3) Implementation/Enforcement of the various Health Acts
- 4) Delivering the UNMHCP. The components of the UNMHCP are grouped under the four clusters of the health sector interventions listed below;

Cluster 1: Health Promotion, Disease Prevention and Community Health Initiatives Elements

- i. Health Promotion and Education
- ii. Environmental Health
- iii. Control of Diarrhoeal Diseases
- iv. School Health
- v. Epidemics and Disaster Preparedness and Response
- vi. Occupational Health

Cluster 2: Maternal and Child Health Elements

- i. Sexual and Reproductive Health and Rights
- ii. Newborn Health and Child Survival
- iii. Management of Common Childhood Illnesses
- iv. Expanded Programme on Immunization
- v. Nutrition

Cluster 3: Prevention and Control of Communicable Diseases

- i. STIs/ HIV/AIDS
- ii. Tuberculosis
- iii. Malaria
- iv. Diseases targeted for eradication/ elimination (Leprosy, Guinea Worm, Sleeping Sickness, Onchocerciasis, Schistosomiasis, Trachoma, Lymphatic Filariasis and Poliomyelitis)

Cluster 4: Prevention and Control of Non Communicable Diseases

- i. Non-communicable Diseases (NCDs)
- ii. Injuries, disabilities and rehabilitative health
- iii. Gender Based Violence (GBV)
- iv. Mental health & control of substance abuse

- v. Integrated Essential Clinical Care
- vi. Oral health
- vii. Palliative care

The responsibility centers for implementation of these activities are at four levels: the District LG level, the Health Sub-District (HSD) level (HC IVs), Lower Level Health Facilities level¹ and the Community level. The District Health Officer (DHO), under the supervision of the Chief Administrative Officer (CAO) and MoH, provides overall leadership in the delivery of health services.

2.1 Mandates of Local Governments

The roles of the LGs in Health can be summarized as follows;

- Mobilizing and allocating resources.
- Planning and budgeting for the services they are responsible for including compiling the LG BFPs.
- Approving District Development Plans (DDP) and Annual Work plans and Budgets
- Supervising and monitoring the overall performance of the district/municipal health care delivery system
- Human resources for health (HRH) development management (recruitment, deployment, in- service- training, career development, payroll management, etc.)
- Epidemic and disaster preparedness and response.
- Advocacy for health
- Health Systems Research.

2.2 Role of the District Health Office

This is the technical arm of the District in the management of the District health system. The core functions of the office revolve around the following management and technical support functions:

- 1) Policy implementation and planning:
 - Integration of the National Health Policies into the District Health System

¹ The Lower Level Health Facilities are Health Centres IIs and IIIs

- Provision of leadership in the development of District Health Plans and Programmes
 - Building the capacity of the HSD teams in the planning process.
 - Resource mobilization, allocation and overall management.
- 2) Human Resource Development Management
- Human resource planning and In-Service Training
 - Planning and Implementing Continuing Professional Development.
 - Personnel management functions
- 3) Quality Assurance / Support Supervision
- Dissemination of national standards and guidelines and ensuring their implementation
 - Provision of technical support and backstopping to the HSDs for quality improvement
 - Conducting support supervision of the public and private sector.
- 4) Coordination and Integration of Health Services
- Fostering inter-sectoral collaboration for health
 - Fostering collaboration between all providers (Government, PNFP, PHP and Traditional Complementary Medicine Practitioners (TCMPs))
 - Ensuring efficient and cost effective utilization of the available resources including development partner investments.
- 5) Disease and Epidemic Control / Disaster Preparedness
- Conducting diseases surveillance and reporting
 - Health education and promotion
 - Health inspection for environment health and sanitation
- 6) Monitoring and Evaluation (M&E) of District Health Services
- Collecting the relevant data
 - Utilization of Health Data and information to assess performance against targets

- Assessment of various programs and interventions
 - Report on outputs and expenditures by the 10th day of each month
- 7) Advocacy for Health Services
- Raising awareness of health sector needs among decision makers, consumers and health workers.
- 8) Health Systems Research
- Provision of leadership in Health Sector Operations Research and build capacity for HSDs and lower levels to undertake research

2.3 Role of the Municipal Health Office

This is the technical arm of the Municipal Council in the management of the urban health services. The core functions of the office revolve around the following management and technical support functions:

- 1) Policy implementation and planning:
 - Integration of the National Health Policies into the urban Health System
 - Provision of leadership in the development of urban Health Plans and Programmes
 - Building the capacity of the HSD teams in the planning process.
 - Resource mobilization, allocation and overall management.

- 2) Human Resource Development Management
 - Human resource planning and In-Service Training
 - Planning and Implementing Continuing Professional Development.
 - Personnel management functions

- 3) Quality Assurance / Support Supervision
 - Dissemination of national standards and ensuring their implementation.
 - Provision of technical support and backstopping to the HSDs.
 - Monitoring the implementation of the Municipal Health Plans.

- 4) Coordination and Integration of Urban Health Services
 - Fostering inter-sectoral collaboration for health
 - Fostering collaboration between all providers (Government, PNFP, PHP and TCMPs)
 - Ensuring efficient and cost effective utilization of the available resources including development partner investments.

- 5) Disease and Epidemic Control / Disaster Preparedness
 - Conducting diseases surveillance and reporting.
 - Health education and promotion.
 - Health inspection for environment health and sanitation.

- 6) Monitoring and Evaluation of Municipal Health Services
 - Collecting the relevant data.
 - Utilization of Health Data and information to assess performance against targets.
 - Assessment of various programs and interventions.
 - Report on outputs and expenditures by the 10th day of each month.

- 7) Advocacy for Health Services
 - Raising awareness of health sector needs among decision makers, consumers and health workers.

- 8) Health Systems Research
 - Provision of leadership in Health Sector Operations Research and build capacity for HSDs and lower levels to undertake research.

2.4 Role of the Health Sub-District

This is a functional zone of the District Health System responsible for implementing the delivery of the Uganda National Minimum Health Care Package (UNMHCP).

Each constituency should have a HSD mandated to manage health services at this level and lower levels in terms of planning, implementation, monitoring

and supervision of all basic health services. An existing general hospital or HC IV serves as the HSD Referral Facility

The HSD referral facility shall be responsible for the following:

- a) Holding annual/ biannual meetings (health assemblies) for the Constituency / HSD Health Task Force (comprising of 80 – 100 members) to review the functionality of the HSD. (Refer to the guidelines for the Constituency / HSD Task Force).
- b) Organizing and conduct medical and surgical mentoring through health camps and screen diseases that can not be spread from one person to another (non communicable)
- c) Oversee the implementation of Public Health Service Protocols.
- d) Advocate and mobilize resources for the HSD.
- e) Carry out disease prevention and promotional activities.
- f) Data collection and analysis for the health trends and disease surveillance in the HSD.
- g) Accountable for all health services in the HSD

2.5 Role of the Community / VHT (HC I)

The Community has a significant role to play in the implementation of the UNMHCP. More than 70% of Uganda's health problems are preventable through appropriate community action. The service providers at the immediate health facility have the responsibility of supporting and mentoring the community leaders and resource persons to help their communities attain good standards of health.

The National Health Policy II and the HSDP promote the VHT concept as the cornerstone to effective community participation in matters concerning their own health. The coordination and provision of technical support to the VHTs is the responsibility of the HC IIs or nearest health facility. All this support should be provided in the context of the harmonized Participatory Planning Guidelines for Parishes and Wards, issued by the MoLG.

2.6 Role of Health Centre II

The lowest planning unit of the district/municipal health system is the HC II. The HC II is the first level health facility, which is normally open eight or more hours a day based on the need of the community to be served. It has a target population of 5,000.

This is the health unit that serves as the interface between the HSD health care system and the community at parish level. This arrangement fulfills the principle of “close to client” and enables close collaboration between the health service providers and the community structures like the VHTs, Health Unit Management Committees (HUMCs), Women Councils, Youth Councils and Councils for Disabled Persons.

All in all, a well functioning HC II will take care of 75% of the health problems for the catchment community.

To relieve pressure on health facilities due to preventable maternal and child health conditions and other health conditions associated with poor nutrition, poor hygiene, and risky lifestyles and habits, MoH will finalize and adopt the Community Health Extension Worker (CHEW) strategy to effectively engage communities take responsibility and action on the determinants of health.

Ministry will redefine the structure of the community health services in LGs, the human resources and structure needed, governance and management processes, reporting and accountability lines.

2.7 Role of Health Centre III

In addition to the basic curative and preventive services offered at HC II, the HC III provides 24 hour maternity, accident and emergency services and beds where health care users can be observed for a maximum of 48 hours and has a laboratory. It has a target population of 20,000.

The basic package of services at HC III level include preventive, promotive, outpatient, curative, maternity, inpatient and basic laboratory services.

2.8 Role of Health Centre IV

The HC IV is mainly a PHC referral facility where patients are assessed, diagnosed, stabilized, and either treated or referred back to a lower level or referred to a higher level of health facility. The HC IV OPD functions as the entry point to the health system where there are no LLHUs within 5kms. It is the first point of entry for referrals from the LLHUs and for self-referrals in case of an emergency. The HC IV brings inpatient and emergency services including emergency obstetric care closer to the population in rural areas. Provision of 24-hour comprehensive emergency obstetric care service is a crucial aspect of a HC IV. It has a target population of 100,000.

2.9 Role of the General Hospital

The General Hospital (GH) provides a broader range of clinical care and emergency services to the general population. This is primarily a referral hospital for the PHC facilities in its catchment area. The General Hospital OPD functions as the entry point to the health system where there are no

LLHUs within 5kms. It is the first point of entry for referrals from the HC IVs and for self-referrals in case of an emergency. It has a target population of 500,000. They also provide in-service training, consultation and research in support of the community based health care programmes.

The General Hospital funds should be allocated to the following expenditure categories; capital items, domestic arrears, Hospital based PHC activities, Maintenance of medical equipment and buildings, training and capacity building, cleaning wards and compounds, utilities, vehicles and generator operation & maintenance, Medical and office equipment, food supply (including firewood), Other supplies, Administration, staff allowances, transport and training).

Support for Hospital based PHC activities. About 10% of the general Hospital funds should be set aside for PHC activities such as immunization, supervision visits, outreach activities, sensitization, health promotion talks, Household/community based activities e.g. environmental health issues, sanitation etc.

3.0 Health Sector Grants and Allocation Formula

This chapter elaborates the health sector grants to LGs and the allocation formula for generating the IPFs.

3.1 Structure and Purpose of PHC Grants

Health Sector Grants are provided to LGs and health facilities to provide health services in order to achieve UHC with emphasis on access, quality and affordability aspects.

The type and purpose of the health sector grants are shown in Table II.

Table 2: Type and Purpose of PHC Grants

| Grant | | Purpose |
|--|---------------------------------------|---|
| Wage Conditional Grant | | To pay salaries for all health workers in the district health service including health facilities and hospitals. |
| Non-Wage Conditional Grant | o/w District/ Municipal Health Office | To fund service delivery operations by the health department, planning, supervision, human resource management, monitoring, performance review, partner coordination, health education and promotion, surveillance and epidemic preparedness and response |
| | o/w Hospital | To fund service delivery operations by hospitals both government and PNFP - prevention, curative, palliative care and rehabilitative services, disease surveillance, supervision, hospital management |
| | o/w PHC Health Centres | To fund service delivery operations by the HCs, both government and PNFP – Health education and promotion, prevention and curative services, disease surveillance, facility management |
| | o/w HSD | To fund HSD operations - planning, supervision, monitoring, performance reviews, coordination, organizing health assemblies, medical camps. |
| Transitional Development – Sanitation | | Funds software activities such community sensitizations and advocacy work that contribute to the reduction of morbidity and mortality rates from sanitation-related diseases. |
| Transitional Development – Ad Hoc | | To fund hospital rehabilitation and other specified capital investments in selected LGs. |

3.2 Grant Allocation Formula for Generating IPFs

The variables and weightings used in the grant allocation formulae are described in the table below. These parameters were applied to generate the Indicative Planning Figures (IPFs) for FY 2016/17 with the aid of the Online Transfer Information Management System (OTIMS) of MoFPED.

Table 3: Grant Allocation Formulae

| Variable | Weighting | | | | Justification |
|--|-----------|-----|--------------|-------|---|
| | Wage | NWR | Hospital NWR | Dev't | |
| Population | 84 | 60 | 0 | 25 | Population represents the overall target beneficiaries, and is an indicator of demand for health services and the scale of services required |
| Population of HLGs with Public or PNFP Hospitals | 0 | 0 | 82 | 0 | Population of districts with hospitals represents a proxy for demand for hospital services and the scale of services required. |
| Infant Mortality | 10 | 8 | 10 | 10 | Equalizing health outcomes: most of the causes of infant mortality are preventable using already proven interventions. These include immunization, ORS, nutrition and hygiene. Therefore strengthening the health system will address the causes that enhance disparities in IMR. |
| Poverty Headcount | 4 | 2 | 2 | 10 | Approximates socio-economic goal of increasing access for poorer communities |
| Fixed Allocation | 0 | 4 | 6 | 0 | A fixed allocation to cover the running of the health department / hospital |
| Number of HSDs | 0 | 24 | 0 | 0 | A constant amount to cover the fixed cost of running a health sub district |
| Population in Hard to Reach Hard to Stay Areas | 2 | 2 | 0 | 5 | Mountainous, islands, rivers etc. have peculiar terrain. Provides greater allocations to areas where costs are likely to be high. |
| Population per HCIII, HC IV or Hospital | 0 | 0 | 0 | 50 | This is an indicator of the degree to which local governments are lagging behind in terms of access to a major health facility. |

4.0 Grant Utilization Guidelines

This chapter provides the grant utilization and development project implementation guidelines for the;

- PHC Conditional wage recurrent grant
- PHC Non-wage recurrent grant
- PHC Development Grant

4.1 PHC Conditional Wage Recurrent Grant

- 1) Salaries of permanent staff must be within the overall staff and budget ceilings.
- 2) Staff of the health department/office should be paid from the Unconditional Wage Grant.
- 3) Service delivery staff should be paid from the Sector Conditional Wage Grant.
- 4) Allocations from grants under this sector should not be used to fund salaries of contract staff.
- 5) Salary allocations must be according to the filled posts within the approved structure, recruitment plan and salary scales within a given FY.
- 6) The hard-to-reach allowance equivalent to 30% of a member of staff's salary must be provided for staff in the hard-to-reach areas **outside Town Councils and Higher Level Government (HLG) headquarters**, in line with the Hard-to-Reach Framework and schedule designated by the Ministry of Public Service (MoPS).
- 7) LGs with wage conditional grant allocations *(See Annex IV)* greater than what their allocations would be under the new formula are required not to budget for hiring new staff.

4.2 PHC Non-Wage Recurrent Grant

The total allocation to General Hospitals and Lower Level facilities was at least 50% of the sector non-wage recurrent budget *(See Annex IV)*.

The allocation of funds to Lower Level health facilities was consistent with the minimum funding requirements. Each facility was allocated a minimum of its FY 2015/16 allocation level *(See Annex VII)*.

Each HSD was allocated an amount equivalent to a minimum of its FY 2015/16 level (**See Annex VII**). This fund should be used for HSD Assemblies, Health Camps and enhancing services delivery at the HSD in the following ratios:

- i. 50% for HSD Assemblies of which 20% will be for monitoring and supervision
- ii. 30% is for Health camps (surgical camp) whose activities include: screening for illnesses, providing specialist services and clinical mentoring.
- iii. 20% is for health promotion and education activities in the HSD.

The allocations to DHOs office was maintained at the level of funding for FY 2015/16 (**See Annex V**). For the new LGs, a maximum of 20% of the PHC Non-Wage Recurrent budget was allocated. The fund should be used for management and monitoring of district health services.

There was no additional PHC funding in FY 2016/17 for lower level facilities. Therefore, the Ministry guided that no new facilities should be provided public funds until additional resources are provided by MoFPED.

All the funds released under PHC Non Wage Grant shall be transferred directly to the facilities bank accounts with the exception of the funds for the DHOs/ Municipal Health office which will be remitted to the General Fund Accounts of the respective districts/ municipalities.

Funds for HSDs operations will be remitted to the accounts of health facilities serving as HSD headquarters for the respective constituencies (**See Annex VIII**) with the exception of constituencies in Gulu MC, Masaka MC, Hoima MC, Wakiso District (Busiro East Constituency) and Mubende District (constituency whose headquarter at Mubende RRH) with neither a HC IV nor a Hospital serving as a HSD headquarter; their funds shall be remitted to the General Fund Accounts of their respective districts/ municipalities (**See Annex V**).

The following items should be planned for under PHC NWR Grants:

- i. Employee costs (other than Wage)
- ii. Administrative expenses
- iii. Food supply
- iv. Medical and office equipment
- v. Operation and maintenance
- vi. Utilities
- vii. Cleaning services
- viii. Material supplies and manufactured goods
- ix. Training costs

- x. Payment of interns
- xi. Outreaches
- xii. Monitoring, supervision and reporting
- xiii. Property costs

The activities to be undertaken by the PNFP health institutions are to be integrated in the LGs BFP and the AWPB for the LGs for FY 2016/17.

The PNFP facilities are required to comply to the accounting and financial arrangements stipulated in the LGFAR 2007, the PPDA 2014 PFMA 2015 and the LGA Amendment 2008 to guide financial management, reporting and accounting procedures.

4.3 PHC Development Grants

For FY 2016/17, two (2) development grants were provided i.e. PHC Transitional Development Grant - Ad Hoc and the Transitional Development Grant – Sanitation

4.3.1 The Transitional Development Grant - Sanitation

The Transitional Development Grant– Sanitation was allocated to the Uganda Sanitation Fund (USF) supported districts (**See Annex IV**). This grant should fund software activities such as community sensitization and advocacy work that contribute to the reduction of morbidity and mortality rates from sanitation-related diseases in accordance to the Uganda Sanitation Fund-Implementation Guidelines FY 2016/17.

The Non Uganda Sanitation Fund Supported districts which were inadvertently allocated USF funds (**See Annex IV**) are required to prepare and submit workplans for the utilization of the funds for sanitation related activities in those districts in accordance with the Sanitation Implementation Guidelines provided by MoH.

4.3.2 The PHC Transitional Development Grant – Ad Hoc

The PHC Transitional Development Grant – Ad Hoc was provided to select **LGs (See Annex IV)** on adhoc basis. This grant should fund hospital rehabilitation and other specified capital investments (upgrades) in those selected LGs as shown in (**See Annex VI**).

No Development Grant - Normal was provided for FY 2016/17 however Development - PRDP was consolidated with other District Discretionary Grants and being managed under the OPM.

Allocation of PHC Development grant – ad hoc was based on the Gaps identified by LGs in consultation with the MoH. The MoH policy of consolidating existing facilities and only construct new facilities in underserved areas was taken into account.

- A maximum of 10% of the development budget provided for the rehabilitation/ upgrading of General Hospitals may be allocated for monitoring, inspection, installations and meetings.
- At least 85% of the development budget should be used to fund infrastructure rehabilitation or construction, or the purchase of medical equipment.
- At most, 5% of budget allocation to health infrastructure and rehabilitation (capital outputs) may finance investment service costs, such as bills of quantities or economic impact assessments.

4.3.3 PRDP PHC Development Grant

PRDP PHC Development Grant Support applies to the 55 districts in Northern Uganda. Priority for this grant should go to construction of staff accommodation, maternity infrastructure, water and sanitation facilities, and supporting ambulance services.

4.4 Development Project Implementation

In regard to implementation of development projects, the District Project Implementation Committee (PIC) which comprises the DHO, District Engineer, SHA, ACAO-Health, the Medical Superintendent, the Staff Representative and the District Planner should be responsible for the following:

- 1) Provision of technical support on implementation of the project,
- 2) Prepare monthly, quarterly and annual progress reports
- 3) Hold site meetings to review progress
- 4) Report to the District Technical Planning Committee

4.5 Changes in projects to be implemented

Any change in projects to be implemented under PHC Development Grants in the course of the FY shall be presented to the DTPC and approved by the District Council before submission the PS/MoH. At the MoH the changes shall be review by the Health Sector Budget working group of the MOH in

consultation with other TWGs and approved by MoH Top Management and approval communicated to the CAO before implementation. This can only be done within the provisions of the PFM Act 2015.

4.6 Development Project Progress Reports

All LGs carrying out development projects under PHC Development funds and any other health related grants are required to prepare and submit quarterly project progress reports to the Permanent Secretary/MoH using the Project Quarterly Report Template.

5.0 Public Subsidies for PNFPs and PHPs

The National Policy on Public Private Partnership in Health (PPPH) recognizes the complementary contribution of the private sector (PNFP and PHP) in strengthening the national health system with the capabilities and full participation of the private health sector to maximize attainment of the national health goals. The Government of Uganda is cognizant of the limitations faced by both the private health providers and the consumers of health care i.e. populations in areas where public health facilities are lacking and therefore provides financial subsidies to enable them provide affordable health care in those communities in line with the National PPP Act and PPPH policy.

5.1 Criteria / Requirements for Access of Public Subsidies by PNFPs and PHPs

The MoH developed the following criteria that must be fulfilled for access of public subsidies (PHC Funds) by PNFPs and PHPs.

- 1) If a PNFP (NGO or CBO), it should be registered and certified as not for profit by the NGO Board (not for profit body with full and open accountability for the use of public funds and the quality and effectiveness of the services, and their constitutional document includes rules to this effect).
- 2) The facility should be registered / accredited by an all-embracing and credible national professional body.
- 3) Registration through an Umbrella Organisation with a national outlook and acceptable by Government.
- 4) Geographical location ensuring improved access i.e. Serving rural, disadvantaged and hard to reach populations or being the only service provider in the area.
- 5) Evidence that provider is delivering services within the Uganda National Minimum Healthcare Package.
- 6) Must agree to be supervised and audited by public governance bodies (LGs, MoLG, MoH, MoFPED, and OAG). This agreement is documented in a MOU with MoH and / or LG signed by both parties.
- 7) Must demonstrate evidence of reduction or elimination of service consumption costs for consumers (provide evidence that subsidy is passed to consumers).
- 8) Evidence of participation in community health services.

- 9) If it's a PHP facility, it must have a designated public wing where free / subsidized care is given to community or private providers delivering free community health services.
- 10) MOU/ Explicit Contract with the LG (**Annex II**), MoH (**Annex I**) and the respective umbrella body registration body to;
 - purchase a package of services from the provider.
 - report health service delivery data through the National Health Management Information System
 - account and report financial data related to the grant through the National System.
 - Adhere to the PNFP/ PHP implementation guidelines developed by MoH.
- 11) Approval and registration by the LG Council and the District / Municipality.
- 12) Licenced by the District Community Development Office for non facility based PNFPs.
- 13) Evidence of regular HMIS reporting to MoH and Umbrella Organisations.
- 14) Income by source and expenditure data: Requirement to provide financial reports to Government oversight organs (MoH, MoFPED, OAG and IGG), with income and expenditure by source clearly indicated.
- 15) Evidence of involvement of communities in the governance processes of the subsidy recipients.

6.0 Medicine Procurement, supply and Management

This chapter provides the guidelines on medicines procurement, supply and management, roles of LGs in procurement and management of medicines.

6.1 Guidelines on Medicine Procurement, supply and Management

- i. In FY 2010/11 medicines and health supplies budget under PHC (N/W) for LGs and Gov't Hospitals was transferred to Vote 116 under NMS to enable NMS appropriately procure and distribute adequate levels of Medicines and Health Supplies.
- ii. NMS will communicate to the districts the available credit line budget for EMHS per health facility level.
- iii. LGs will prepare detailed procurement plans for medicines and health supplies for the whole FY based on the credit line budget for the FY and submit to NMS with copies to MoH.
- iv. Emergency drugs supplies shall be planned for by MoH in collaboration with NMS. An account for the supply of medicines for emergencies has been created in NMS. Other national shared services shall be coordinated by the MoH.
- v. The essential medicines kit which is supplied to HC II's and HC III's on a bi-monthly basis. The kit is reviewed every 6 months with input from the DHOs to tailor it to the catchment population disease burden.
- vi. In addition ACTS and TB medicines will be supplemented by a special credit line in NMS.
- vii. All Health facilities should have a drugs account in NMS which accounts have to be reconciled on quarterly basis.
- viii. Private wings of Public Hospitals should open private pharmacies within the private wing and create their own seed capital to operationalize the private wings service delivery.
- ix. The responsibility of collection and destruction of expired drugs lies with the MoH but LGs have a responsibility to collect and properly store the expired drugs in a central place and prepare a special report on the expired drugs. Up to a maximum of 4% is the acceptable level of drug expiry of the consignment ordered and received.

6.2 Roles of LGs in the Procurement and management of Medicines

LGs are responsible for;

1. Compiling and submitting annual medicines procurement plans to MoH and with copies to NMS.
2. Regular and documented quantification of medicines and other health supplies needs by the Districts and timely submission of orders to NMS with copies to MoH.
3. Establishing impeccable inventory and records management at the District level for a well structured Supplies and Logistics Management Systems for purposes of monitoring.
4. Monitor and reconcile the health facility EMHS accounts at NMS on quarterly basis.
5. Place EMHS orders to NMS based on the order and delivery schedule for the FY using the prescribed forms. Each order should cover a range of medicines only from the essential medicines list. Other special drug requests shall be dealt with as per the MOU.
6. Monitoring and follow up distribution of drugs to LLHU using the health unit management committees, RDC, DISO/GISO, Internal Audit.
7. Reporting quarterly on the 6 key performance indicators on medicines and health supplies.

Detailed credit line allocations for medicines and health supplies per health facility are provided in annex VII.

Table 4: Medicine Budget Allocations to Health Facilities FY 2016/17

| Level | Average CRL Allocation per Facility UGX |
|----------------------------|--|
| 085906 – HC II | 6,342,499 |
| 085907 – HC III | 19,164,780 |
| 085908 – HC IV | 44,648,045 |
| 085909 - General Hospitals | 284,913,043 |

7.0 Direct Transfers of PHC Grants to Health Facilities (Public and Private)

Government of Uganda (GoU) implemented the Straight Through Processing (STP) of Salaries in Ministries, Agencies and LGs from 1st July, 2008. The overall objective is to enhance efficiency and minimize risk in the payment of grants to the beneficiary general hospitals and health facilities. In order for the grants to meet their intended objectives, it is important that all the funds reach the beneficiary health facilities in time. Experience has shown that the PHC Grants delay to reach the health facilities and sometimes the funds are diverted.

To overcome the above challenges, GoU is implementing the direct remittance of PHC Grants using STP of grants to all public and private owned health facilities. Under this STP arrangement, Government will ensure that the PHC Grants are paid directly by MoFPED to health facilities' (Spending Centers) Commercial Bank accounts using Electronic Funds Transfer (EFT).

7.1 The Planning and Budgeting process

The computation of the Grants will continue to follow the formulae specified in the guidelines for the specific grants. The LGs will undertake the expected planning and budgeting process which among others entails the following:

- At the beginning of the budget process (November-October) the MoH communicates the PHC Grants IPFs.
- The Health facility PHC grant work plan must be consistent with the PHC Guidelines, realistic and achievable. Health facilities should be in a position to adjust their work plans according to the budget ceilings communicated by MoFPED. It is required before the district/ municipality can access the first release of PHC grant in July, it should be submitted to MoH for analysis and approval by the end of April of every year. PHC grant releases will be linked directly to the district annual work plan/ budget approved by the MoH. During the planning and budgeting process the LGs should be keen on verification of the outputs in health facilities.
- The eligible expenditures areas for financing, the specified expenditure categories and the minimum amounts to spend on each category are as outlined in the respective Grant Guidelines.

7.2 The New Grant Payment Procedures for PHC Grants

All the current responsibilities for LGs, Line Ministries and MoFPED regarding planning, budgeting, reporting, release advice and accountability will not be altered by the STP on Grants. Specifically, the Accounting Officers and Line Ministries will have to carry out their mandates in all these areas

Irrespective of STP, the Accounting Officers will still be responsible for the LG budget under these Grants. The Accounting Officers in LGs will be informed of the amounts transferred to health facilities for purposes of monitoring, reporting and accountability. Notification about releases made in a given quarter to the Accounting Officers and other stakeholders will be through Circular to LGs on releases per LG and by health facility. This will be done for the purpose of ensuring transparency and for enabling LGs get information for monitoring, preparation of progress and accountability reports.

7.3 Release of Funds

All procedures and controls including supporting documents related to PHC Grant management processes like budgeting, reporting and monitoring of the utilization of the PHC grants will continue to apply. All parties involved in the processing of PHC grants for the purpose of remittance to health facilities should strictly adhere to the set procedures and timelines (Accounting Officers, MoH, MoFPED, Financial Management Services (FMS) Department and the banks)

All the health facilities are responsible for opening and operating a valid Health facility account. The account title shall be the Health facility name and not more than 35 characters in all. Every year beneficiary health facilities will submit to MoH through their respective CAOs information on their health facilities for the purpose of the PHC grants.

The information remitted should include the following details: Sub-county, health facility, Health facility name, Health facility bank account title, Health facility Bank account number, Bank name and Bank branch, telephone and e-mail contacts of both CAO and *DHO (where applicable)*, and Health facilities should also submit a copy of the most recent bank Statement of the Health facility for validation of bank account

7.4 Signatories to Health Bank Accounts

The LGFA regulations 2007 are very explicit on who should be principal signatories to Public Institutions. The Principal signatories to the general Hospitals shall be the Accounting officer or his/her representative and the other signatories shall be the Medical Superintendent and or other nominees

by the hospital board. The Principal signatories to the bank accounts of the lower level public health facilities shall be the health facility in charges and or persons appointed by the accounting officer in consultation with the health unit management committees and the sub county authorities.

For the PNFP facilities at all levels the principal signatories shall be the health facility in charges or administrators and other signatories shall be appointed by the Boards of the respective PNFP health facilities in consultation with the Accounting Officer and the sub county authorities in the LG.

Where a PNFP facility is headquarters to the HSD, the principal signatory to the HSD account shall be the Accounting Officer of the LG or his/her representative. Other signatories to the HSD account shall be the incharge of the HSD and others nominated by the Accounting Officer in consultation with the facility board.

7.5 Disbursement Procedures

- MoH will advise MoFPED of the total grant allocation per health facility per sub-county and district at the beginning of the FY.
- MoH shall submit the said schedule to MoFPED in both soft and hard copy by due date under the signature of Accounting Officer/ MoH.
- MoFPED using STP will transfer the PHC grant directly to the bank account of each beneficiary health facility. MoFPED will then advice both MoH and the CAOs/Town Clerks in writing of the amount remitted to each beneficiary Health facility bank account. As additional accountability, MoFPED shall publish in the print media the list of beneficiary Health facility showing the district, sub-county and amount remitted for each Health facility.
- Remittance of the PHC grants to beneficiary health facilities will be quarterly as follows:

| | |
|--|---------|
| 1 st Quarter (July – September) | July |
| 2 nd Quarter (October – December) | October |
| 3 rd Quarter (January - March) | January |
| 4 th Quarter (April – June) | April |

Releases will be within the budget available Cash Limits will be given by MoFPED in the last month of the Quarter and these should be 25% of the budget per Quarter Performance Form Bs, Progress reports, workplan should be submitted by the end of the Quarter.

Notification about releases made in a given Quarter to the Accounting Officers and other Stakeholders will be through Circular to LGs on releases per LG

and by health facility for transparency and to enable LGs get information for monitoring, preparation of progress and accountability reports.

This information will also be copied to RDCs who are in charge of monitoring Government Programmes in LGs and will also be put in the Press to provide information to the public which will help weed out ghost beneficiaries. The release letter will have an attachment showing how much has been released in both hard and soft copy to CAOs. This implies that MoH has to submit an inventory of health facilities

7.6 Transfer of Funds

Two separate Special Accounts will be opened in Bank of Uganda (BoU) to hold the releases under STP of Grants, one for the Health grants and another for the District level funds.

Based on the release circular and the schedule, Accountant General will check availability of funds in the budget and release funds on each account. Money will be transferred from the Consolidated Fund to those Accounts. Based on the Schedule, payment instructions will be issued instructing BoU to transfer money from the Special Accounts to the respective Health facilities Accounts in Commercial Banks. The funds will be transferred by EFT within 48hrs from the release time

For any reasons if any LG defaults and does not access a release for the Quarter, its funds will be withheld. If the LG accounts in time they will get funds in the following Quarter. If an Accounting Officer withholds a release of a health facility that has not complied, they should immediately inform the Management Committee of the affected Health facility.

7.7 Condition for Release to Beneficiary Health Facilities

The PS/MoH and MoLG is responsible for advising PS/ST/MoFPED on the amount to be released to each beneficiary Health facility. The advice will be conditioned on the following:

- Starting with FY 2014/15, the reporting Cycle was linked to the Release Cycle in the OBT, through the preparation of Quarterly Performance Reports within the tool. The submission and approval of these Quarterly Performance Reports and revised Quarterly work plans will act as the trigger for the next quarter's cash release.
- In order to give Votes sufficient time to produce and compile credible performance data, a lag of one Quarter has been incorporated into the cycle. For example, the cash release for Q2 of FY 2015/16 will be conditional on the submission and approval of the performance Report

for Q4 of FY 2014/15. The detailed timeframes for LG reporting and releases cycle throughout the FY is detailed in the Guidelines for Budget Preparation and Reporting using the LG Output Budgeting Tool (LG OBT) of April 2013.

- With effective from FY 2009/10 LGs started reporting based on the formats under the Performance Contract Form B as a measure to link the output performance to expenditure. The Performance Contracts clearly articulate the activities, inputs and outputs under each Vote for the resources appropriated in the FY on annual and Quarterly basis. The overall focus of the LG's progress report include the following;
- Reporting on all the funds received from all sources-Local revenue, central government direct transfers, funds received from central government ministries, and other development partners.
- Reporting of outputs with special focus on the geographical locations of the investments.
- Indicating the magnitude of the funds received but not yet spent

LG should submit the consolidated progress reports to MoFPED with a copy of the section to the respective sector Ministry.

With the introduction of the Performance Form B, the LG will be reporting on the performance of indicators (standard and non-standard) as a measure of ascertaining the trend in attaining the set outputs. Each sector Ministry provided the relevant standard sector performance indicators which the LGs are expected to report on. The Form B submission is the requirement for accessing the releases

If a sector Ministry or a project requires particular information to be reported on by LGs as a requirement for accessing the release, such information should be captured as one of the performance indicators under Form B. This modality is meant to minimize fatigue in LGs caused by producing numerous reports some of which contain related or similar information.

The initiative in i and ii above notwithstanding, LGs will continue to provide other reports on request by the MoH in the course of execution, such as data on DHIS II under Health, for purposes of tracking other issues related to HEALTH FINANCING but not as a requirement for accessing the release.

7.8 Handling of Unpaid Grants

Each payment remitted to BoU and Commercial Banks has a Unique EFT reference Number which is reflected on the Bank Advice Deposit Report Accounting Officers are advised to collect this report from MoFPED (Uganda Computer Services on a quarterly basis).

Unapplied EFT refers to a payment instruction that has not been honoured by the banks due to invalid account information It is the responsibility of every Accounting Officer to ensure that the bank account information of every health facility is valid Invalid bank accounts will automatically lead to unapplied EFTs Grants will be suspended until a valid bank account is submitted. A valid bank account is one which the account title, account number, bank and branch in the payment instructions (as provided by the MoH) are the same as they are in the Bank Note that the account title must be in the names of the health facility and not individual names.

Upon receipt of schedule of unpaid grants (unapplied funds), Accounting Officers should update the Bank Account Information, and return the submission to the MoH for PHC grants. The submissions from Accounting Officers will be processed by the MoH and MoFPED and the grants will be released within 14 working days.

All other cases of Grant non-payment which, are reported by the LGs but are not part of the unapplied EFTs from MoFPED should be submitted separately to the Accountant General's office for processing.

7.9 Reporting and Accountability for Funds

The accounting and reporting procedures for the grants shall be in accordance with the existing laid down procedures, rules, regulations and laws (The Constitution of Uganda, The LG Act, and the PFMA 2015)

The CAO/TC is the chief accounting officer of the grants. All benefiting health facilities will be required to account for the disbursement per quarter through his/her office. The CAO/TC will then make a full accountability report to MoH and MoFPED. The grant will be utilized strictly in accordance with specific Grant guidelines.

After funds are released, cash releases schedule will be issued to the LGs clearly showing the health facilities paid and the total release will form a basis for accounting for the funds. Then the Accounts section at LGs will charge the expenditure in books of accounts.

LGs and health facilities will continue preparing the required Financial Statements and accountability reports to the CAOs office and the central ministries as required by the PFMA 2015.

7.10 Roles and Responsibilities of Officers/ Involved in the Grants Release and Payment Processes

7.10.1 The Health Facility Boards

Hospital / Health Facility Management Committees are responsible for:

- i. Budgeting for the PHC grant
- ii. Appointing signatories to the health facility bank accounts
- iii. Controlling the Health facility PHC Bank Account,
- iv. Receiving the PHC grant transfers from central Government
- v. Accounting for all PHC grant payments to the Health facility
- vi. Reporting on the utilization of PHC grants of the Health facility.

The health facility incharge is accountable for the safe keeping and proper expenditure of all PHC grants to the Health facility

7.10.2 The Local Governments

The LGs shall be responsible for:

- i. Provision of PHC grants in the respective annual district budget and work plan
- ii. Provision of valid bank account information for health facilities to MoH and MoFPED respectively
- iii. Request for release of funds to the health facilities on QUARTERLY basis using the procedures that are in line with the OBT release cycle
- iv. Monitoring utilization of the Grants in the district
- v. Reporting on the utilization of PHC grants in the district

7.10.3 Ministry of Health

- i. Responsible for the sector annual budgets and work plans
- ii. Periodically reviewing the grant allocation formulae
- iii. Advising MoFPED on the grant allocations to each Health facility/district
- iv. Submission to MoFPED authenticated bank account information for all PHC grant beneficiary Health facilities
- v. Reviewing of district reports on the utilization of PHC grants in the country
- vi. Monitoring the utilization of PHC grants in the country

7.10.4 Ministry of Local Government

- i. Responsible for the LGs annual budgets and work plans
- ii. Reviewing of district reports on the utilization of grants to health facilities
- iii. Monitoring the utilization of District grants in the country.

7.10.5 Ministry of Finance Planning and Econ. Development

1. Ensuring adequate provision of grant allocation in the annual budget.
2. Transferring of PHC grants to beneficiary Health facility bank accounts in a timely manner.
3. Provision of timely information to all stakeholders on the grant transferred.
4. Monitoring the utilization of the grants.

7.11 Critical Success Factors

Successful implementation of STP of PHC Grants to Health facilities will require the following:

- i. Top management support and commitment to the STP of Grants processing procedures for the Health facility, MoFPED, MOH, MoLG and LGFC.
- ii. Accurate Health facility bank account information (bank, branch, title and account number).
- iii. Strict adherence to time frames in the payment cycle as prescribed in the guidelines.
- iv. The process of grant aiding health facilities should be controlled and be within the budget available for the FY. The adhoc accreditation of health facilities by MOH in the middle of the FY should be stopped because it will cause budget shortfalls. Grant aiding of new health facilities should be done with clearance from MoFPED after availing the required budget,
- v. Effective and continuous change management for all stakeholders.

7.12 Possible Consequences of Not Meeting Direct Transfer Guidelines

- i. If a Recipient FACILITY fails to meet the GRANT conditions it may face serious consequences, such as:
 - recovery by the MoH of funds relating to unjustified or ineligible expenditure;
 - additional audits or checks on other GOU funded actions for which it is responsible, or extrapolation of errors to those actions, if its errors are systemic;
 - Sanctions, which may take the form of financial penalties and/or termination of the grant disbursements
 - If false declarations, substantial errors, irregularities or fraud are found, the recipient district can be banned from all GOU funding until assurance is provided that the defaulting facility has put in place all measures right that led to the suspension.

7.13 Conclusion

- I. Existing guidelines, procedures and controls including supporting documentation related to Grant payment management processes, accountability progress report, work plans and processing of payments will continue to apply.
- II. Accounting Officers, District Health Officers, Head of Accounts and Officers in Charge of health in the LGs will be trained on how the new Grant payment procedures will operate.
- III. These guidelines will be updated from time to time to address any emerging issues in the Grants payments process.

8.0 ANNEXES

Annex I. Copy of the MOU Between the GoU and PNFP Health Service Providers

1.0 PREAMBLE

This memorandum of understanding is made this day of 20..... between the Ministry of Health on the one part (hereafter referred to as MOH), and Ministry of Finance, Planning and Economic Development on the second part (hereafter referred to as MoFPED) and the Uganda Catholic Medical Bureau, the Uganda Protestant Medical Bureau, the Uganda Muslim Medical Bureau and the Uganda Orthodox Medical Bureau on the third part representing the faith-based Private Not for Profit Health facilities (hereafter referred to as the Facility-Based PNFPs).

Whereas The Ministry of health is responsible for stewardship of the health sector of Uganda, And whereas the Ministry of Finance is responsible for fiscal coordination and policy, And whereas the Facility-Based PNFPs represent a network of health service providers complementing the efforts of GOU through provision of (... % of) health services in Uganda, The Government of Uganda represented by the Ministry of Health and the Ministry of Finance, Planning and Economic Development desires to enter into a Memorandum of Understanding with the Facility-Based PNFPs.

Now therefore in consideration of the mutual covenants and agreements herein contained, the parties do hereby agree as follows:

- i. This memorandum of understanding is intended to promote cooperation and advancement in Public-Private partnerships for health between the Parties to their mutual benefit and the Public good.
- ii. This Memorandum of Understanding is a statement of intent which sets forth the general basis upon which the Parties wish to proceed; no contract will arise as to the subject matter hereof unless and until an agreement regarding each objective is negotiated, approved, executed and delivered by all the Parties.

2.0 OBJECTIVES

The purpose of this Memorandum of Understanding is to enable the Parties to pursue the objectives as set out below:-

- To provide a framework to formalize the working arrangements between the Parties
- To define the expectations and obligations of each Party within the partnership framework
- To strengthen accountability and transparency within the partnership framework

3.0 GUIDING PRINCIPLES

This memorandum of understanding shall be based on the following principles:

- 3.1 Responsibility for policy formulation and planning

Overall responsibility for health policy formulation and for safeguarding and improving the health status of the population is maintained by central government who will consult and aim at consensus with the partners whenever appropriate. Effective representation of the Facility Based PNFP in the appropriate fora at different levels shall constitute a pre-condition for consensus building.

3.2 Integration of plans and operations

Plans and operations of the Facility-Based PNFP sub-sector will support the NDP and the HSSP and will support and be integrated into district health plans.

3.3 Responsibility for service provision

The ultimate responsibility of Government and the Local Health authority for the delivery of service to the entire population shall be reconciled with the delegated responsibility to the Facility-Based PNFP. In the process of negotiating and making agreements, equal respect for the methods of work, legal and regulatory frameworks, dignity and views of either partner shall be exercised including commitment to roles and obligations described in the agreement.

3.4 Complementarity

Government and Facility-Based PNFP partners will strive to rationalize and complement services rather than duplicating them.

3.5 Identity

The identity of Facility-Based PNFP is based on their individual foundations and missions, and will be respected.

3.6 Autonomy

The Facility Based PNFP will retain their autonomy in the management of health services within the framework of NHP, HSSP and the relevant regulations and standards.

3.7 Equity

Government and Facility-Based PNFPs will ensure the equitable allocation of resources for health in accordance with the needs of the population, and according to the volume and quality of contribution to implementation of the HSSP. Priority shall be given to the poorest and most disadvantaged people, reducing economic barriers which prevent access to health services for the most in need population.

Service level agreements shall be established as a mechanism for maximizing efficiency and ensuring access to health services by the population.

3.8 Transparency

Allocation of government resources for service delivery shall be determined by utilization rates, type of service provided to the population and by roles and capacity of mobilizing additional resources. Inputs available to Facility-Based PNFPs, including their capacity to mobilize additional resources shall be mutually disclosed.

3.9 Accountability

Accountability for inputs, outputs and outcomes between partners at different levels shall be ensured. Facility-Based PNFPs shall be responsible for accounting and reporting within their organizational structures, to central and local government, and to the community.

3.10 Continuity of Care

Continuity of care will entail that referrals between public and Facility-Based PNFPs shall be ensured in the same manner as referrals between public facilities and referrals between PNFP facilities.

4.0 OBLIGATIONS OF THE PARTIES

4.1 The Ministry of Health

4.1.1 Communication

4.1.1.1 The Ministry of Health shall put in place structures to facilitate dialogue and feedback with the Facility-Based PNFPs, using SWAP mechanisms and other Government reporting procedures.

4.1.1.2 The Ministry of Health shall maintain an open system of communication through established partnership structures and shall share information with the Facility-Based PNFPs on relevant issues including providing feedback to the Facility-Based PNFPs on reports routinely submitted to the Ministry of Health.

4.1.1.3 The Ministry of Health shall recognize and respect institutional structures and systems of the Facility-Based PNFPs.

4.1.2 Human Resources for Health

4.1.2.1 The Ministry of Health shall, where negotiated and agreed upon, support human resources for health of the Facility-Based PNFP through secondment of staff and wage subsidies.

4.1.2.2 The Ministry of Health shall ensure equal opportunities to staff serving in the Facility-Based PNFP for training and scholarships.

4.1.2.3 The Ministry of Health shall advocate for GOU and Development Partners' support to the Facility-Based PNFP health training institutions.

4.1.3 Medicines, Medical supplies and Medical equipment

4.1.3.1 The Ministry of Health shall ensure that the Facility-Based PNFP are allocated resources for medicines, medical supplies and medical equipment as negotiated and agreed upon, taking into consideration the proportion of health sector outputs attributable to the Facility-Based PNFP service providers.

4.2 The Ministry of Finance, Planning and Economic Development

4.2.1 Planning and Financing the health services

4.2.1.1 The Ministry of Finance, Planning and Economic Development shall supplement the financial requirements of the Facility Based PNFP health services based on approved annual

budgets and work-plans submitted to district local governments and approved by the Ministry of Health.

4.2.1.2 The Ministry of Finance, Planning and Economic Development shall, upon advice from the Ministry of Health, make quarterly disbursements to the Facility-Based PNFPs through the District local governments, which disbursements shall be ring-fenced.

4.3 The Facility Based PNFP

4.3.1 Policy formulation and implementation

4.3.1.1 The Facility-Based PNFPs shall participate in policy formulation, implementation and monitoring at all levels of the health system.

4.3.1.2 The Facility-Based PNFPs shall implement services in line with Government of Uganda policies, strategies and guidelines.

4.3.2 Resource management and utilization

4.3.2.1 The Facility-Based PNFPs shall ensure efficient and effective management and utilization of resources provided by the Government of Uganda and her partners through strengthening facility-level governance and management systems.

4.3.2.2 The Facility-Based PNFPs shall make available their books of accounts for review by auditors of the Government of Uganda on request.

4.3.2.3 The facility based PNFP agrees to set a flat user fee for the following services, including any related services, at the rates indicated below

- a) Under five year out patient visit for a fee not exceeding per visit
- b) Normal delivery at a fee not exceeding per delivery
- c) Under five year admission at a fee not exceeding per admission.
- d) Caesarean section delivery at a fee not exceeding per caesarean section.
- e) HIV/AIDS patient reviews at a fee not exceeding per visit.
- f) Ante natal care visit at a fee not exceeding per visit.

4.3.2.4 Maternal and child health services whose inputs are provided free of charge by the Government of Uganda shall continue to be provided to clients free of charge.

4.3.3 Reporting

4.3.3.1 The Facility-Based PNFPs shall, on a routine basis and according to Government reporting guidelines, submit service data and financial returns and shall comply with mandatory reporting for epidemiological surveillance purposes and any other operational reports as required within the National Health Management Information System.

4.3.3.2 Reporting channels shall be through the District local governments to the Ministry of Health and also directly to the respective Medical Bureaus at National level.

4.3.3.3 The Facility-Based PNFPs service shall, upon request, provide annual audited financial statements to the Ministry of Health and the Auditor General.

4.3.3.4 The Facility-Based PNFPs shall provide quarterly work plans, budgets and reports to the respective District local governments and the Ministry of Health for approval, contingent upon which funding for each subsequent quarter shall be disbursed by the Ministry of Finance, Planning and Economic Development.

5.0 NO ASSIGNMENT

Neither party shall sell, assign, transfer or hypothecate any rights or interests created under this MOU or delegate any of their obligations without the prior written consent of the other. Any such assignment or delegation of either party without such consent shall be considered void.

6.0 AUTHORIZATION

The signing of this MOU implies that the signatories will strive to reach, to the best of their ability, the objectives stated in the memorandum of understanding.

7.0 TERMS OF THE UNDERSTANDING

This Memorandum of Understanding shall be in full force with effect from the date of signing and shall continue to be in force for the duration of the NDP and HSSP III, unless terminated by either party giving notice in writing at least three (3) months prior to the expiration of such yearly period.

This MOU shall be reviewed annually to ensure that it is fulfilling its purpose and to make any necessary revisions. Modifications within the scope of this MoU shall be made by mutual consent of the parties, by the issuance of a written modification, signed and dated by all parties, prior to any changes being performed.

8.0 DISPUTE RESOLUTION

8.1 Government and Facility-Based PNFPs enter into this MOU in a spirit of mutual trust and intend that all unforeseen matters on issues that arise, as the relationship evolves, will be resolved in a spirit of mutual understanding.

8.2 In the event that there is a conflict, it shall be resolved in a peaceful and amicable manner. Every effort will be made to settle the matter through dialogue and negotiation and to accommodate the policies and intention of each other's respective governing entity and constituents.

In witness thereof the undersigned have executed and delivered this Memorandum of Understanding on this Day of20.....:

Annex II. Copy of The Memorandum of Understanding Between the DLG and PNFP Health Service Providers for FY 2016/17

MEMORANDUM OF UNDERSTANDING BETWEEN THE UGANDA DISTRICT LOCAL GOVERNMENT ANDFOR USE OF FUNDS OF THE PHC CONDITIONAL GRANT FOR THE FINANCIAL YEAR.....FOR THE DELIVERY OF HEALTH SERVICES WITHIN THE DISTRICT OF

This memorandum is made this.....day of.....20.....

BETWEEN

On the one part
THE DISTRICT, represented by the chief Administrative Officer, P.O Box, (hereinafter referred to as “District”)

AND

(On the one part)

THE..... (Name of Health Facility) represented by the Head of the Unit (hereinafter as “the Health Unit” on the other part.

1. INTRODUCTION

WHEREAS District wishes to improve the quality of life of the peopleDistrict.

1.1.1. WHEREAS District, in order to achieve the above objectives will provide funds to the Health Unit in the form of PAF (PNFP) PHC Conditional Grant (hereafter referred to as “the Grant”).

The specific objectives of which are set out in the district guidelines on the Utilization and management of Grants for the Delivery of Health Services (hereafter referred to as “the Guidelines).

1.1.2 WHEREAS District has examined the Health Unit Annual Work plan for the Grant, which forms annex 1 this Memorandum of understanding (hereinafter referred to as the work plan).

1.1.3. WHEREAS district confirms that the work plan has been prepared according to the Guidelines, adequately addresses the objectives of the Grant as set out in the Grant Guidelines and the needs of the District, is realistic and achievable, is in line with Government of Uganda policy, and within the budget ceilings provided by District.

1.2. WHEREAS District agrees to provide funds for the implementation of activities identified in the work plan.

1.3 WHEREAS District has attempted to ensure that the budget ceilings provide accurately project the level of funding that will be available to the Health Unit in the financial year 2016/17 Government of Uganda Budget.

AND

1.3.1. WHEREAS Health Unit has developed the Work in accordance with the guidelines, and with Government Policy, and the Health Unit has ensured that the work plan addresses the needs of the District.

1.4 WHEREAS THE Health Unit agrees implement the activities in the Work plan using the funds provided by District.

NOW THEREFORE IT IS AGREED HEREIN AS FOLLOWS

2. RESPONSIBILITIES OF THE HEALTH UNIT

2.1 The Health will make every reasonable effort to implement all the activities set out in the workplan.

2.2 The Health Unit will implement the workplan, and report on the use of funds.

2.2.1 The Health Unit will submit a Quarterly Progress Report, Cumulative progress Report and Budget Request to District by the end of the first week after the close of the quarter to qualify for release of funds for that quarter, to enable the district to confirm to the regulations as specified in the Guidelines.

2.2.2 If the Health Unit encounters problems in implementation of the Workplan, it will seek technical assistance from District or any other part in a position to Government will act on this assistance, and make efforts to overcome any problems in implementation. If the Health Unit does not act on technical advice from District, it must give reasons for the same.

2.3 The Health Unit will not alter the work plan before getting written approval from the District.

3. RESPONSIBILITIES OF DISTRICT

3.1.1 The District will fund the implementation of activities identified in the workplan, and the implementation of any other activities resulting from changes in the workplan, provide that the Health Unit has followed the procedures for altering the workplan set out under clause 2.4 and 2.5 of this Memorandum of Understanding and has acquired approval of the District.

3.1.2 Provided that the District has received the required reports on time, as set out in the General guidelines will ensure that release of funds is made on time.

3.2 The District will not release funds if the required reports set out in 2.3 are not received.

3.2.1 The District will analyze all Activity reports (if applicable), progress reports and Budget Requests submitted by the Local government. Each budget Request will be considered on its own merit and the funds released are below the Budget Request. Central Government must give reasons for the same in writing to the District.

3.3 The District will provide technical assistance for the preparation of workplans for next Financial Year.

3.4 Changes to the workplan

3.4.1 The District will consider each request for authority to make changes to the Work plan on its own merit.

3.6.2. If the District does not find proposed changes in a work plan acceptable, it must give reasons for the same, and suggest viable alternatives to the Health Unit.

4. VALIDITY OF MEMORANDUM OF UNDERSTANDING

4.1 This memorandum of Understanding is valid from the date of signing until such time as District has both received the Verified Cumulative annual Reports for the Grant and any unspent funds returned to District in accordance with the Grant guidelines and the

4.2 Any modification to this Memorandum of Understanding of shall by mutual agreement of both parties.

Annex X. Outputs and Indicators

Vote Function: 0881 Primary Health Centre and Sanitation Services

Output: 088101 Public Health Promotion

Output: 088104 Medical Supplies for Health Facilities

Indicator: Number of health facilities reporting no stock out of the 6 tracer drugs.

Indicator: Value of essential medicines and health supplies delivered to health facilities by NMS

Indicator: Value of health supplies and medicines delivered to health facilities by NMS

Output: 088106 Promotion of Sanitation and Hygiene

Output: 088153 NGO Basic Healthcare Services (LLS)

Indicator: Number of children immunized with Pentavalent vaccine in the NGO Basic health facilities

Indicator: No. and proportion of deliveries conducted in the NGO Basic health facilities

Indicator: Number of outpatients that visited the NGO Basic health facilities

Indicator: Number of inpatients that visited the NGO Basic health facilities

Output: 088154 Basic Healthcare Services (HCIV-HCII-LLS)

Indicator: Number of trained health workers in health centers

Indicator: No. of trained health related training sessions held.

Indicator: Number of outpatients that visited the Govt. health facilities.

Indicator: Number of inpatients that visited the Govt. health facilities.

Indicator: No. and proportion of deliveries conducted in the Govt. health facilities

Indicator: %age of approved posts filled with qualified health workers

Indicator: % of Villages with functional (existing, trained, and reporting quarterly) VHTs.

Indicator: No. of children immunized with Pentavalent vaccine

Output: 088155 Standard Pit Latrine Construction (LLS.)

Indicator: No. of new standard pit latrines constructed in a village

Indicator: No. of villages which have been declared Open Defecation Free(ODF)

Output: 088156 Hand Washing facility installation(LLS.)

Indicator: No of standard hand washing facilities (tippy tap) installed next to the pit latrines

Output: 088159 Multi sectoral Transfers to Lower Local Governments

Output: 088175 Other Service Delivery Capital Investment

Output: 088180 Healthcentre construction and rehabilitation

Indicator: No of healthcentres constructed

Indicator: No of healthcentres rehabilitated

Output: 088181 Staff houses construction and rehabilitation

Indicator: No of staff houses constructed

Indicator: No of staff houses rehabilitated

Output: 088182 Maternity ward construction and rehabilitation

Indicator: No of maternity wards constructed

Indicator: No of maternity wards rehabilitated

Output: 088183 OPD and other ward construction and rehabilitation

Indicator: No of OPD and other wards constructed

Indicator: No of OPD and other wards rehabilitated

Output: 088184 Theatre construction and rehabilitation

Indicator: No of theatres constructed

Indicator: No of theatres rehabilitated

Output: 088185 Specialist health equipment and machinery

Indicator: Value of medical equipment procured

Vote Function: 0882 District Hospital Services

Output: 088251 District Hospital Services (LLS.)

Output: 088275 Other Service Delivery Capital Investment

Output: 088280 Hospital construction and rehabilitation

Output: 088281 Staff houses construction and rehabilitation

Output: 088282 Maternity ward construction and rehabilitation

Output: 088283 OPD and other ward construction and rehabilitation

Output: 088284 Theatre construction and rehabilitation

Output: 088285 Specialist health equipment and machinery

Vote Function: 0883 Health Management and Supervision

Output: 088301 Healthcare Management Services

Output: 088302 Healthcare Services Monitoring and Inspection

Output: 088303 Sector Capacity Development

Output: 088372 Administrative Capital Investment
